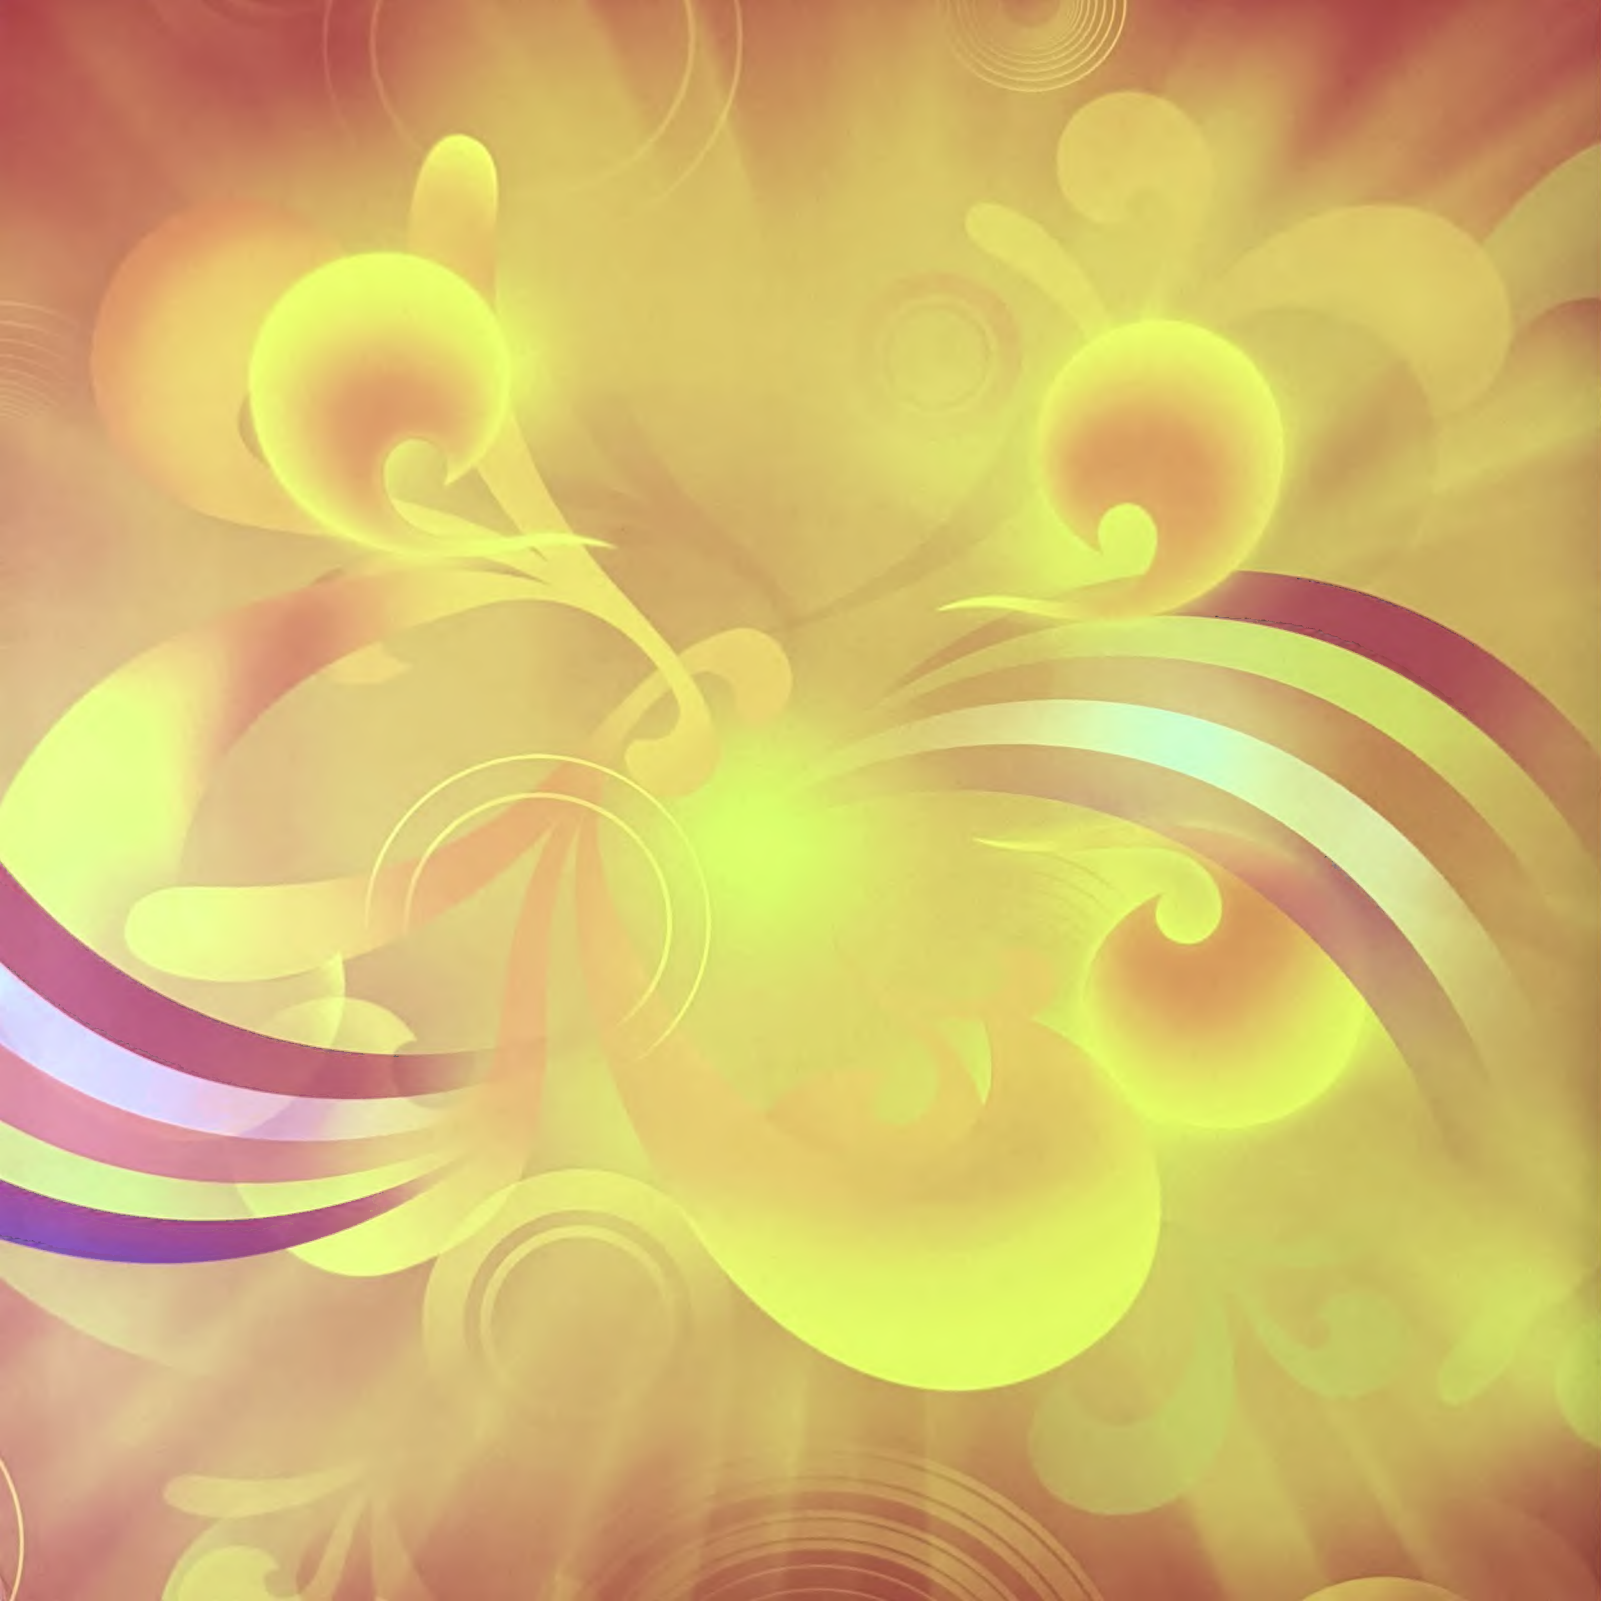
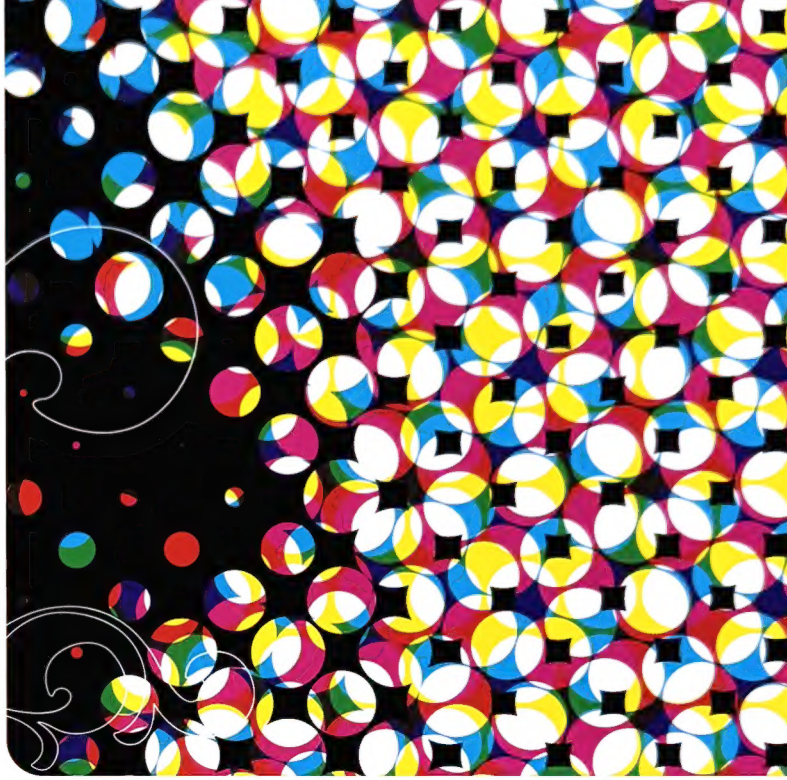
CIRQUE DU SOLEIL®

AT THE MIRAGE



CIRQUE DU SOLEIL®

AT THE MIRAGE



With their extraordinary music, unique voices and irrepressible charisma,
The Beatles united us all,
Spreading tremendous joy,
Striking a magical chord deep within.

Tonight, together, we celebrate their journey,
Recalling the fabulous odyssey
That graced the world with its musical gifts,
The first song being like the last:
Words of Love.

This show is an ode to this enchanting trip,
A childhood formed against the surreal backdrop of Liverpool's rubble
That would rise to lead the world's youth
On a frenzied, splendid ride
Bounding from day to night, dazzling and soulful,
Ravenous and sensual in its love,
To the pinnacle of glory and dizzying media heights,
Taking refuge in nostalgia, quietude, spirituality,
On romps across swathes of unbridled fantasy,
In fields bursting with fruit and rivers running with emotion,
To psychedelic undersea gardens,
Under suns of contemplation,
Calling for love like revolution,
Cooled by tragedy, sober and real,
Warmed by the miracle of reconciliation ...

An ode to this spiritual magic
That unites them once again
And us with them.

Have a good trip

Guy Laliberté

Guide, Show Concept Creator

In every era throughout history, young people with enormous talent have come forth and profoundly shaken up the world around them. These talents have set in motion a whirlwind of new ideas that have crossed over disciplines and instigated creative movements of change. Over twenty years ago, a troupe of young performers, just starting out under the name of "Cirque du Soleil" set out to reinvent the circus. More than 40 years ago, a group of young and exuberant musicians reinvented the music of generations through their daring and energy. Kindred spirits, LOVE was born out of my personal friendship and profound admiration for the late George Harrison. Artistic rebels like myself, The Beatles challenged the world to open their minds, spirits and imaginations through music. That legacy is still very much alive today, thanks to Paul, Ringo, Olivia and Yoko, who have pursued this new artistic adventure to honor George's spirit. We are extremely proud to invite you to join us on this extraordinary adventure of LOVE. Come along as we explore the magical landscape created by The Beatles, which has cast its spell upon generation after generation. I hope that you will feel the passion of the creators, cast and crew who have made this show such a celebration of love and friendship.

Enjoy!

Dominic Champagne

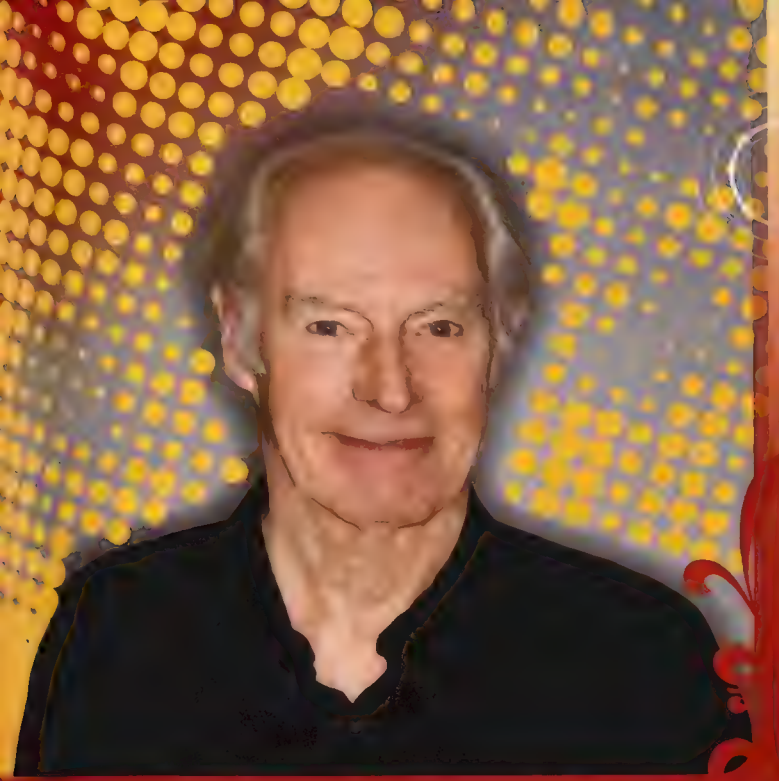
Director and Writer, Show Concept Creator

Thanks to all the artists who have patiently nurtured the dream of this impossible show. Thanks to Guy and Gilles for the invitation on the voyage. Thanks to Paul, Ringo, Yoko and Olivia for their trust. Thanks to George and Giles Martin for the privilege of sharing all this music in the intimate setting of the Abbey Road studios.

And thanks to all you friends in the audience, for being here to share this joy.

All Love needs is you.

Dominic



Sir George Martin and Giles Martin

Music Directors

With LOVE, we set out to bridge the gap between *hearing* The Beatles music and *experiencing* it on a more intimate level. Through technological advances, musical innovation and with our profound respect for that great band and their wonderful songs, we proudly present a soundscape of Beatles music that has never been heard before – especially for LOVE.

It has been a great pleasure for us to work with Dominic alongside all of the talented creators, cast and crew of *Cirque du Soleil*. We would especially like to thank John, Paul, George and Ringo for their music that has made such a difference to all our lives.

Enjoy the show!

George and Giles

Gilles Ste-Croix

Director of Creation, Show Concept Creator

Some 20 years ago, in a small cottage on a rainy day, a bunch of friends gathered around an old piano and all afternoon we sang so many Beatles' songs. Everybody knew the music and the lyrics, and like a nice warm fire, it brought us close and together. The Beatles' music ignites love and friendship and will continue to do so for generations of listeners. Let this show carry the same warmth to you.
